Dear Families,

Aurora Collegiate Academy understands the importance of children reading with their parent or guardian at home. One-on-one reading time and access to books are predictors of future literacy skills and, inevitably, future educational outcomes.

Children mimic behavior they see at home. If a child observes his or her parent/guardian reading every night, then that child will emulate the same behavior. With that in mind, here are easy ways that parents or guardians can help their child become strong readers:

(1) Read at home. Reading regularly at home provides children with the practice they need to become great readers. The best way to incorporate reading in the household is to devote 20 to 40 minutes, at the same time every evening.

(2) Designate a reading spot at home. Designating a special reading spot is a great way to create a distraction-free zone where children can concentrate.

(3) Surround your child with books. When children have access to books in their home, they become familiar with books and the act of reading.

(4) Bring books everywhere. Place books in every room of the house, in the car, and take books everywhere.

These suggestions will undoubtedly lead to the transformation of a child who embraces reading, appreciates a variety of books, and becomes a successful Scholar beyond Aurora.

Very truly yours,

Teneicesia White
Principal
